

## WASHABLE & MEDICAL GRADE KEYBOARDS

WATERPROOF | DURABLE | CLEANABLE

Looking for keyboards that stand up to the rigors of constant, everyday use and abuse from liquids, chemicals and other contaminants? Hospitals, medical offices, and dental clinics looking for quality and value in exam/operating room keyboards as well as keyboards for clerical use need to be sure that the waterproof keyboard they are using will withstand cleaners. Keep your keyboards germ-free by cleaning regularly with disinfectants. Our keyboards will hold up to the strong chemicals in disinfectants. Fully customizable – design your own with options such as back lights, magnets (to avoid Velcro) and custom cable lengths. Wireless Options available.
